Linguistics

About the Speaker: Towards a Syntax of Indexicality
Alessandra Giorgi
Print publication date: 2009
Print ISBN-13: 9780199571895
Published to Oxford Scholarship Online: February 2010
DOI: 10.1093/acprof:oso/9780199571895.001.0001

Can We Ever See the Speaker's Coordinates in the C-layer?
DOI:10.1093/acprof:oso/9780199571895.003.0003

[-] Abstract and Keywords

I concluded in the previous chapter that the Complementizer-layer includes a position for the speaker's temporal coordinate. The issue I consider here is whether this position can ever be overtly realized by some specific element in the syntax, recognizable as a first person marked item. I show that the

Digital resources from Oxford offer a range of key features free of charge to support usage within libraries. Depending on the resource, these include MARC records, COUNTER compliant usage statistics, OpenURL compliance, remote access, promotional tools, training material, and technical support.
